## General English and Examination Preparation

### Learn English Language with Adults

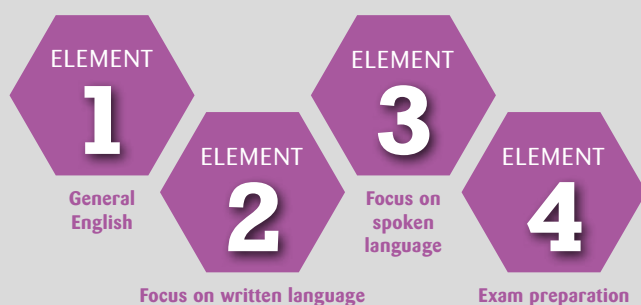

The MLS General English language courses are open to adult students from all over the world who have a need for, and interest in, developing their general language skills in English, regardless of their level of English.

The MLS General English courses are for students who want to study in a mature environment (the average age in 2017 was 28, minimum age is 16), and who fully appreciate that studying English in an English-speaking country is without doubt the fastest and most effective way to learn English.

The MLS Exam Preparation courses are designed for students who are specifically seeking preparation for a particular exam, or who feel they will benefit from an exam focused syllabus. MLS is able to offer different kinds of English Language Examination preparation courses to suit your individual needs.

#### Core General English Syllabus

One of the most precious experiences in our life. We've spent a wonderful time at MLS over the past six months. Before we came here together as husband and wife, it wasn't easy to decide to study English abroad in the middle of our job career. However, now we realize it was a right decision since we've really enjoyed being here and achieved everything that we wished. Also, we've been really happy to meet excellent teachers and staff in MLS.

They're all friendly, professional and competent and helped us a lot to improve our English in numerous ways. Especially when we wanted to study specific subjects, all we needed to do was just talk to them and we got great advice every single time. Based on this experience, we'll continue to try to maintain our English abilities. We hope we'll be able to come back to MLS and Bournemouth one day.

Thank you all in MLS! We'll never forget the time we shared.
